

**CODE: BQ170**

## DAY OF THE WEEK CALENDAR CLOCK

**FEATURES:**

This large calendar clock is the only one with the day spelt in full. Easily read from 20 metres, the clean design of the BQ170 is ideal for both residential and business interiors. Like all our calendar clocks, the BQ170 is useful wherever people are completing forms and as a reminder for the day of the week for people with memory loss.

The BQ170 includes a reliable German movement and an automatic calendar function that self-adjusts for leap years. The 12 hour format has an AM/PM indicator and the day of the week is spelt out in full. The flip card display remains clear and readable under fluorescent lighting and from different angles, unlike many LCD clocks.

**IDEAL FOR:**

Home • Office • Hospitals • Schools • Nursing Homes • Memory Assistance
