Form meets function in this design classic - combining black 50mm flipcards with a black faceplate and white Helvetica numerals. The clean lines and digital numeric display fit perfectly with today's modern interiors. The flipcards display 12 hours with an AM/PM indicator and blinking red LED second indicator. The clock is supplied with a removable stand for the option of desk or wall mounting.

Manufactured from injection molded ABS impact resistant thermo-plastic with an extended clear acrylic lens that allows viewing from all angles. The clock operates with a reliable quality quartz German movement.

Available with a black or white rear case and stand.
