

CODE: C077

PORTABLE POOL TIMER

FEATURES:

This large portable water-resistant pool timer/pace clock is made from sturdy molded UV-resistant plastic with an easy-carry groove inset into the back. The start stop button conserves battery life when not in use and the large minute hand can be set to any position. The red second hand and 5 second indicators can be clearly read from the water.

IDEAL FOR:

Swim training • Outdoor sports • Home fitness
