CALENDAR CLOCKS

We have been selling calendar clocks in Australia since the 1970's. Originally designed for banks and commercial spaces, these clocks are now common in the home, office and medical organisations. The combination of accurate time and date at a glance allows for orientation within our increasingly busy and distracted lives.

BQ12
Analogue Calendar Clock With Automatic Calendar

ANALOGUE CLOCKS

Our analogue clocks suit a range of locations from gyms, schools, offices, factories and home use. In this digital age when we rely on our phones, there is still the advantage of a dedicated clock that can be viewed at a glance without the potential distractons that the phone brings. All our analogue clocks have a perspex (non shatterproof) lens.

CS1067
The School Clock
