CODE: BQ20

Giant Analogue Calendar Clock

MODEL BQ-20
SUPPLY: 2 x 1.5 V BATTERY (SIZE D)
SELF-REGULATING EVEN FOR LEAP YEARS' FEBRUARY

CE ⌦

Setting Instructions:

1. Remove all rear case covers.
2. A time-adjusting knob located at the back of the clock, turn clock-wise only to adjust.
3. When setting the time, look through the AM/PM indicator, so as to identify that the hour-hand points to correct time where corresponding to AM or PM (see next paragraph below).
4. AM/PM indicator located in front of dial plate of time, at right-hand side of 9 o'clock position. The particular formats shown below represent various times:

Time:	12 M.N.	3 A.M.	6 A.M.	9 A.M.	12 N.	3 P.M.	6 P.M.	9 P.M.
●	●	◒	○	○	○	◓	●

5. Set to the correct date by pressing down the lever located directly behind the date flap.
6. Set to the correct day: Repeat item 5.
7. Set to the correct month: Repeat item 6. Note: the clock requires setting for the correct Leap Year, therefore please note the mumber located on the right hand side of the month flap, i.e. 1-4 and set to the table listed below:

No. 1 for years   2021   2025   2029
No. 2 for years   2022   2026   2030
No. 3 for years   2023   2027   2031
No. 4 for years   2024   2028   2032

Example :- [JAN] with [2]

for the year of 2022

8. Ensure that the two LR20 batteries are correctly inserted and switch on. The red LED light located in the front of the dial should flash.
9. Replace the rear case covers.
